

Pratum School

Home of the Pirates

Together...cultivating character and academic growth in each student....Every day.

2014 - 2015 School Goals

Implementation of common core content standards in Language Arts, Math, and Reading including the use of new materials where necessary.

Parent / Community Involvement

Pratum School enjoys the support of an active and passionate parent group. They provide the manpower and resources that make all of our special events true community events. They have also invested considerably to improvements to our facility. In addition to our Winter and Spring musical programs, the annual pancake breakfast bring together students, staff, families and the community at large.

Academic Theme or Focus

Our focus is engaging minds to build a love for learning.

Our School is Special Because...

Our small size and the long length of time we know each student and his or her family give us a real sense of community, and in spite of our small size, we find ways to give students a well-rounded education, including music, PE, art, and technology.
