

# Silver Crest School

## Home of the Raiders

*Together...cultivating character and academic growth in each student....Every day.*

### 2014 - 2015 School Goals

Student learning will be our number one priority. All students will be on grade level.

Holding students accountable behaviorally and academically, with a primary focus on student attendance. We will strive for no more than 9 absences per student per year.

Creating a Positive and Safe school culture where students and staff work together to create an awesome setting for education.

To have a sustainable educational setting where Silver Crest is considered an exceptional school by our parents, community, students, school board, and staff. Student engagement within the classroom will be a primary focus for all staff with every lesson.

### Parent / Community Involvement

School events, which include the Christmas Tree Run and winter and spring programs, involve much of the greater community.

In addition, we have a Boosters organization that helps with fundraising, at special events, and in the extended day programs.

### Academic Theme or Focus

Using language and math to think and grow.

### Our School is Special Because...

Silver Crest students don't fall through the cracks. We take our mission seriously enough so that students don't have a choice. We take every action we can to make the able. We have systems in place so they have to work hard and take responsibility. And we help students find opportunities to connect with their community and learn to care.
