

2021-2022 Silver Crest Kindergarten Round Up

**Please call our office at 503.873.4428
to set up an appointment**

Still looking for a spot for your incoming kindergartener for the 2021-2022 school year? Silver Crest offers a K-8th grade elementary school setting with outstanding classrooms taught by well-seasoned teachers. Average class size for kinder is 14 students over the last decade. Differentiated learning allows students to progress at their own individual pace. Students can accelerate in reading, writing, and math and students get support for areas they struggle with. Beautiful setting with awesome playground. Morning and afternoon bus at both Pioneer and Robert Frost. Call for further information, transfer process, or to set up a visit to see Silver Crest.

Appointment will include tour of classroom and school and time with the kindergarten teacher. (Because of Covid Restrictions, appointments will include 1 parent and their incoming kindergartener typically on a Monday when there are no students in the building -- after school appointments scheduled if necessary.)
