SILVER FALLS LONG RANGE FACILITY PLAN

Silver Falls School District

Meeting Minutes – Long Range Facility Meeting 15

Attendees

See attached sign in sheet

General items:

This meeting was held virtually via Zoom.

- **Welcome, Agenda, Sign In**
 - The team walked through the agenda.

- **BLRB Presentation**
 - BLRB gave a brief overview of the LRFP process, reviewing items such as:
 - Guiding Principles
 - Meeting Dates
 - Norms for the Committee Work

- **BLRB Presentation**
 - BLRB presented the Executive Summary of the LRFP Committee's work and findings.
 - Population projections
 - Collaboration with the local government
 - Evidence of community involvement
 - Identification of historical buildings
 - Educational adequacy
 - 10-year Long Range Facility Planning Schedule
 - Consensus decision making summary

- **Open Discussion**
 - The entire group was welcomed to provide their feedback on the consensus decision making summary and/or other components of the LRFP report. The minutes reflect constructive feedback from the group.
 - Focus on SMS replacement seems to be the main area of consensus amongst the group and in the community, (K8 listening sessions also showed agreement with this).
 - Is the word consensus problematic? Maybe the summary of items noted in the report should be labeled as collective thoughts, components important to the committee or items the LRFP discussed.
 - Emphasize the consensus on ALL schools need to be included in the improvements.
 - Removing the verbiage from the report regarding K8/K5 or rural/intown (and use school specific names) may help show unity amongst the District and the unified approach to the LRFP.
 - May need to revise or include information regarding the K5 boundary changes, (after some of the committee's data was made) as the outcome of the data may be different now.
 - Should construction dollar amounts be revised to account for the current anticipated timeline, (due to length of LRFP process)?
 - Utilizing terms such as 'contemporary learning' may be problematic as it sets a tone of inadequacy for either 'traditional' educational models or current curriculum and may link readers to 'fad' designs, i.e. open classrooms, etc.
 - Need to clarify that the plan is only considering the next 10 years, (not 20-30) unless the Board were to opt for a larger, fix-all type of bond.
 - Listening sessions for the K5 schools will be important to allow for those communities to share their thoughts and concerns.
 - Wally Lierman's name is not complete in the LRFP committee list.

- Should mention that BLRB became facilitators in the third meeting.
- Would be helpful to add the date in front of the listing of the PSU study.
- Graph showing HS with second highest need may be problematic – need to clarify (on that graphic) that the costs are related to HVAC and athletic fields (which is detailed later in the report).

- **Next Steps**
 - The team reviewed the next steps:
 - LRFP Report Finalization
 - Submission to the School Board
 - Submission to ODE

Meeting Minutes prepared by BLRB shall be deemed accurate as the record of matters discussed and conclusions reached. Corrections shall be reported to BLRB within three (3) calendar days of distribution of this document.

Prepared by Jonah Jensen, BLRB Architects

LONG RANGE FACILITY PLANNING COMMITTEE #15

January 20, 2022

SIGN-IN SHEET

	<i>Name</i>	<i>Representing</i>	<i>Email</i>
	Aaron Koch	Evergreen, SHS	aaronkoch97381@gmail.com
